DYNAMITE USED!

To Blow Up the Debris at Johnstown and it is Kept Up, Notwithstanding the Damage Done.

JOHNSTOWN, Pa., June 17.—Two thousand men reported for work at 7 o'clock this morning and were immediately assigned to places, under the management of the several contractors. Dynamiting the jam was resumed and the shocks that the town is receiving from the explosions are simply terrifying. Notwithstanding the fact that citizens have notified those in charge of the dynamiting that they will hold the state responsible for all damage to property or person caused by these terrific blasts, they are as heavy as ever and every shot shakes the buildings for squares around.

The Philadelphia fire engines arrived last evening and are now engaged in pumping out several large pools of water in different parts of the city in which many bodies are expected to be found.

This morning the workmen removing the debris from near Wood, Morrel & Co.'s store, found the body of a woman in an advanced state of decomposition. Her clothing bore traces of elegance. It was at first stated that the remains were those of Miss Paulson, of Pittsburg. One hundred dollars were found in the dress pocket besides an elegant gold watch, a soltaire and three costly gold rings.

A careful comparison with the description left by the friends of Miss Paulson, was made, but they do not tally in any particular and the corpse lies at the morgue marked "unknown." The face was entirely gone, only the lower jaw and one tooth remaining. It is almost certain that the dead woman was one of the passengers on the day express.

Last night the remains of a woman were recovered in Cambria City. The remains were buried unidentified.

The thirty charges of dynamite fired this morning knocked out the front of Henry Fritz's house on Clinton street. The house was of brick, but had been badly shattered by the flood. A gang of workmen cleaning the streets in front narrowly escaped being crushed. Several of them were slightly injured.

A crowd of citizens collected at the general office of the state board of health this morning, hoping to ascertain the sanitary condition of the town. They were disappointed, however, as the physicians in charge refused to answer any questions or give reasons for not issuing the health bulletin.

This morning the workmen engaged in clearing the rubbish from the Clark mansion, say they saw the remains of Stella and Mary Clark, aged 8 and 4. Their bodies will be recovered this morning. Three other bodies were found on Main street this morning, but it was impossible to identify them. They are now at the morgue being prepared for burial.

This morning Mrs. McVey and Jennie McClure visited the room in the Alma hall where the valuables of unidentified bodies are kept and discovered the wedding ring and other jewelry belonging to their sister, Mrs. Clark. The ladies were overcome with grief. Yesterday the body of her son, Willie Clark, was found near the family residence, on Main street.

A SAD BEGINNING.

The Week Opens With an Unusual Number of Deaths.

Ross, the two-months-old son of Mr. and Mrs. Frank Purcell, died Saturday of exhaustion. The funeral occurred Sunday, from the residence, corner Harrison and Fourth streets.

Louis, the three-weeks-old child of Louis Brunner, died of spasms last night. The funeral will take place to-morrow afternoon, at 2 o'clock, from 79 Nirdlinger avenue.

Isaac M. Kime, of 40 Pearl street, died of typhoid fever yesterday, aged fifty-four years. A widow and six grown children survive him. The funeral will take place to-morrow, at 10 a. m., from the Berry street M. E. church.

Andrew Parker, aged 33 years, son of the venerable Nathaniel Parker, a farmer of Washington township, died of consumption Saturday. The remains were interred at Willamsport this morning. The deceased was a single man.

Miss Lizzie Lynch, aged 20 years, the daughter of Mr. and Mrs. John Lynch, died yesterday of consumption. The funeral occurs Wednesday at 9 o'clock at the Cathedral. Mr. Lynch is employed at the Pittsburg works.

Died, Saturday evening, at No. 24 Erie street, Effie May Rossman, aged 8 years. The funeral took place this afternoon and was conducted by Rev. Lloyd.

SUNDAY EXCURSIONS.

Some are Against Them but the Presque Isle Excursion Was a Big Success.

Yesterday P. S. Gilmore with his band opened the season at Presque Isle and the Wabash road, through the enterprise of its efficient and popular ticket agent, Mr. Dick Thompson, of this city, ran into Toledo the largest excursion train sent into that city this season. When Engineer Quinn pulled out the throttle at 6:30 o'clock in the morning there were on board about two hundred people, which swelled one hundred and fifty better before reaching Toledo. The trip, a distance of ninety-four miles, was accomplished in two hours and fifty-five minutes. Four steamers conveyed the excursionists to and from Presque Isle.

The newspaper fraternity of the city were tendered the courtesy of the Wabash and a few of them threw aside their editorial habiliaments to be thrust into one round of enjoyment at the hands of Col. Dick Thompson.

The party consisted of Messrs. A. J. Moynihan, of the *Journal;* John Dougall, of the *News*; Clarence Cook and Joe Ervin, of THE SENTINEL; Otto Cummerow and William Bohn, of the *Frie Presse*, and Westhuff and Rousewald, of the new German daily.

The excursion returned to the city at 11:15 last night.

NOTES.

The excursion was a success.

Col. Dick Thompson treated the boys royally.

The Presque Isle excursion last year numbered fourteen people.

The street railway system at Toledo is about to be sold. It ought to be given away.

The Wabash road is well ballasted and is one of the smoothest riding tracks in the country.

Mr. Gart Shober, who was to represent the *Gazette*, got left and missed the pleasure of the day.

At Toledo the newspaper party were joined by City Wabash Ticket Agent Dombaugh and Assistant Kleine. Both are genial and jolly good fellows.

Andy Moynihan "got a stitch in his side" from too much laughing. A meeting was called and resolutions were passed to suppress his hilarity, which was done.

Mr. Dougall, alias James Smith, of Woodburn, found himself "in the soup" in an attempt to smile sweetly at a young lady in the car. A brother looked affectionately across the aisle, and John secluded himself in the baggage car.

A SENTINEL representative was obliged to see his best hat sail like a feather before the gale and light on the crest of a turbulent billow a hundred yards away. Many others bore it company. The ludicrous plight of these gentlemen fully dawned when it was found that it was impossible to procure a hat in Toledo on Sunday. Our unfortunate young man prevailed on a cabin hand to part with his head gear at three times its worth.

An exciting episode occurred on board the Pastime, on which about 100 people were taking passage from the island. A hurricane, so severe that skiffs were overturned like corks, swooped suddenly on the unsuspecting pleasure-seekers. A panic ensued on the steamer, resulting in the loss of garments, umbrellas and a thorough drenching to at least half of those on board. The fury of the gale has not had an equal in the waters thereabouts. Several persons living in Toledo were reported drowned.

HON. PATRICK HORN.

The Death of One of the Prominent Pioneer Citizens of This County.

On Saturday afternoon at 5 o'clock, at his home in Huntertown, occurred the death of Hon. Patrick Horn, one of the most prominent residents of this county. His age was sixty-nine years.

Mr. Horn settled in the county very early, and was strongly identified with its interests. In 1877 he was elected to the legislature. By his death the world is bereft of a good man. An only daughter inherits his large fortune. The funeral occurred this afternoon from the late residence.

The Weather.

WASHINGTON, June 17.—Indiana—Light rains, stationary temperature; variable winds.

The radiance of Mayor Harding's smile to-day cast an electric hue upon the surroundings of the city hall. His honor, with genial courtesy, explained to his friends that a little girl had come to bless his home.

Mr. F. H. Tristram, traveling passenger agent of the Wabash, is in the city.

THEY GO FREE.

Maroney and McDonald, the New York Men Held for the Cronin Murder, Are Discharged.

NEW YORK, June 17.—Judge Andrews in the supreme court to-day, rendered a decision discharging from custody Maroney and McDonald, who were arrested for alleged conspiracy in the murder of Dr. Cronin. The judge ruled that the evidence did not warrant their being held.

CHICAGO, June 17.—Woodruff made another confession Saturday night, in which he implicates the following in the Cronin murder: P. O. Sullivan, "Melville," Williams, Dan Coughlan, and Alexander Sullivan. He charges that the three first named were at the Carlson cottage the night of the murder. O. Sullivan did not accompany them on their ghastly ride. He is represented as staying behind to clean up the cottage.

WINNIPEG, May 17.—Martin Burke, alias Delany, was arrested here last evening for complicity in the Cronin case on information from Supt. Hubbard. He was boarding the Atlantic express, and had a ticket for Liverpool, England. At the station the man gave his name as Martin Burke.

CHICAGO, June 17.—Luke Dillon received no word from New York yesterday. He is anxiously awaiting the result of the test and considers that upon Maroney's identification hangs the fate of the present theory of the prosecution. When asked what he thought of Frank Woodruff's alleged confession, Mr. Dillon said:

"I do not know what to make of it. Woodruff certainly made several inconsistent statements. I do not care to discuss his story until I have had time to make a more thorough examination of the details."

"Do you know of any Philadelphia blacksmith by the name of McDougal?"

"I do not. Woodruff may have meant McDonnell, the man now under arrest in New York city."

"What do you think of Michael Davitt's reported utterances on the Cronin case?"

"Michael Davitt would show better judgment if he talked about something he knows about. He will have to answer for the language he used in the interview, if he was reported correctly. He evidently misunderstood the temper of the Irish people of America."

THE WHEELMEN'S PICNIC.

The Bicycle Club Have Their Fourth Annual Run.

The fourth annual picnic of the Fort Wayne Bicycle club was held yesterday at the grove twelve miles northeast of the city on the Parent road. Although our pikes are up to the average, it is seldom that wheelmen have the pleasure of traveling on a road as perfect as was the Maysville. The hard rains have washed off the dust and packed the gravel so hard that the riding was what "Jax" might compare to sailing in a balloon.

On a run of this kind the club uniform is discarded by most of the members and each seems to dress to differ from every other and what an effective picture the thirty riders made in the variety of shade and color of the flannel costumes, the scintillating spokes of the rapid revolving wheels, winding in and out the many sharp turns of the road, with the fresh green foliage for a background. The sight is worthy of an artistic eye and if the healthful spirit of the wheelman is added to the picture, surely the the scene is complete.

The grounds were reached after a steady run, which was, perhaps, a trifle too severe for some of the newer riders, but they forgot all about soft muscles when Sidel's bay scorcher (which started at day light) loomed up, and then there was a scramble for the bottles of milk in the ice tanks. Base ball and foot ball filled the time until dinner was announced, and Mr. Sidel did justice both in quantity and quality of the menu.

Did you ever see thirty hungry wheelmen sit down to dinner in the woods? Well, bicycle riders always have their appetite with them, but at a picnic it doesn't take them long to clean up a well filled table—a noisier and livelier dinner can hardly be imagined.

The club is blessed with quite an array of amateur photographers and Messrs. Edgerton, Hanna and Beach each took the boys in a variety of groupings—one or two of which will present quite a razzle-dazzle effect.

Within half a mile of Picnic Wood is the ball ground of the Overall and Underclothes clubs and thither went the wheelmen to choose sides, Messrs. Buckels and Bissel being captains, but the game was brought to a sudden stop by the outgoing side starting for home on an alleged excuse of a shower coming up, and it did come sooner than expected, but most of the wheelmen went into barns along the road home, and waited until the rain passed over. As this is the fourth time rain has shortened the day's pleasures it would seem advisable to hold the annual picnic a little later next year.

IS IT MOCKERY.

Beer Flows Freely at Tivoli Garden, in Bold Defiance of the Law.

An attempt to split the policy of Mayor Harding against Sunday beer-selling, which was as bold as it was disgraceful, occurred yesterday. A dodger distributed freely the day previous closed with the words: "Come with your families and rejoice that we can assist the less fortunate. Charity covers a multitude of sins."

Charity wouldn't begin to cover the sin committed yesterday, at Tivoli Garden. At early morn

WAGON LOADS OF BEER

Arrived and soon after white-aproned bar-tenders appeared on the scene. The beer flowed from the spigot freely and long before the shades of evening had gathered over the grounds, there were

SCENES OF REVELRY

that would have put moral man or woman to shame had they participated in it. It is said that the Brewers Union is backing up the transgressors, but the truth of the statement is not known. It is a striking defiance to our laws to have them trampled upon and openly violated. The public sentiment demands a

THOROUGH PROSECUTION

in this instance, and it will be done without fear or favor if the officers continue their course as they have begun. The method of prosecution is slow, containing in itself so many technical points that it takes time to get at them. Messrs. Centlivre and Berghoff yesterday, through their hirelings, dispensed beer. First of all the affidavit must be filed against the man who sold the beer, and the man who drank the beer must be known. Then it must be proved who authorized the selling of the same.

Yesterday, Lieutenant of Police J. L. Fuschober, Officers O'Connell, Wahrenburg, Cramer and Kneale were on the ground and this morning told Mayor Harding they were

READY TO FILE AFFIDAVITS,

and there will be plenty of them. These affidavits will be filed to-night against the bartenders, then, through process of law, the promoters of the scheme will be tried.

Messrs. Centlivres and Berghoffs, we understand, will fight the case to the circuit court and higher.

The penalty is a fine of from $20 to $100 for each offense and each particular glass of beer constitutes a separate offense.

Porsch-Wehler.

Yesterday, at the Emanuel Lutheran church, Rev. Gross, pastor, occurred the marriage of George B. Porsch, and the accomplished Miss Lizzie Wehler. The bride was attended by a sister of the groom and Miss Gross, while Peter Rudolph Pickel and Mr. Rudolph Lauman officiated for the groom. The party presented a beautiful appearance as they entered the sanctuary. After the ceremony, a reception was given at the residence of the bride's parents in Nebraska, where a jolly time was had by those present. The presents were costly and too numerous to mention. Mr. and Mrs. Porsch are well known in this city, and a host of friends wish that their life will be sunshine forever.

A TOWN ANNIHILATED!

Uniontown, Kas., is Swept Away by a Storm—Several Persons Drowned.

FORT SCOTT, Kas., June 17.—A report was received here last evening to the effect that Uniontown, on the Wichita and Western, had been swept away by a storm Saturday night and that two women and four children had been drowned. Uniontown, which is a place of 600 inhabitants, is in the midst of a thickly settled country and it is feared that the loss of life is even heavier than reported. As the wires are down for fifteen miles on either side nothing definite can be secured.

The storm struck the western part of Bourbon county late at night, coming from the west, where it had played great havoc. At Augusta it assumed the force of a cloud burst and though everything possible has been done to obtain details by the railroads, all is uncertainty at present. The part of Fort Scott known as Bulltown is certainly under water, and people are being taken out with boats. The south bound Missouri, Kansas & Texas passenger train is tied up here, and the north bound St. Louis passenger train is tied up about two miles south of the city.

The Kansas, Nebraska and Dakota track is under water for about a mile out. Serious damage to the main line of the route is confined to one place, about one thousand feet in length, about ten miles north of Fort Scott. It was reported yesterday that a woman and two children were drowned there, but it turned out false.

The rain began at 7 o'clock yesterday and the residents say it was the heaviest storm for years.

The ice dam on Eighth street broke and the water raised at the rate of three feet an hour.

Several houses and the bridge across Sixth street were carried away.

TRACK TALK

In a Box Stall With the Rubbers of Some of the Promising Equines.

The past week was not very favorable for evening pleasure driving—roads were heavy, and consequently the flyers were not out in force on East Wayne. Nothing of importance to note on the road, so we concluded a chat in the "parlor" of the horse would please the boys.

At Swinney Park we met the veteran horseman, John Clark, who said "here, my boy, is a dandy five-year-old bay pacer, Moxie, by Legal Tender, Jr., dam Flaxie by Blue Bull; he has not been given any fast work this season, but is very promising, and will be driven in the eastern circuit this fall."

How do you like this darling—Modena? She is a bay mare, three years old, by Monon, by Metwood, dam by Albion, trots quarters in 43. She is as slick as any of 'em.

Stand over—Firefly, by Gen. Washington, dam Aberdeen, four-year-old, fine bone, beautiful bay with white hind foot.

Oh, mama! Here is the baby—Chucharee, a two-year-old filly. She is very large for her age, and rangy; just broke this spring, and will make a trotter; is by Gen. Hancock, dam by Cyler. The above are the property of our townsman, Emmett Powers.

T. E. Ellison has a bay filly three years old, at the park; the mare is fifteen hands high, is by Wayne Wilkes, dam, Abdallah, and some day will make her mark.

Hello, Ed. was the greeting given to Ed Orff when he drove up. No wonder old boy; you come out in the slush; you have a good one; in spare moments, John Orff takes pleasure in driving Ed's bay filly; she is three years old, fifteen hands high, by Wayne Wilkes, is a level headed colt and takes her work like an old horse; by the way, boys, if you want to know how different a horse feels with good care or poor work; just go without washing yourselves or combing for a week, and you will get the idea.

We were told that Jerome Studor's Belmont mare, Spyrme, is improving very fast. Jerome handles her himself at home; the mare can pace a three minute clip anytime in a road wagon, and has shown a forty gate on the track this spring.

MONDAY, JUNE 17, 1889.

ENFORCE the Sunday law.

EVERY good citizen should stand by Mayor Harding in his effort to give us a Christian Sabbath.

THERE are over 1,700 public libraries in the United States, containing about $15,000,000 volumes.

THERE is great anxiety throughout Europe regarding the war preparations going on in Russia. The protestations from St. Petersburg that the czar wants peace are not accepted as being made in good faith. Germany has just had some additional cause for believing that in the event of a war with France, Russia will side with her ancient and implacable enemy.

THE charter of the Louisiana state lottery is about to expire and the colossal machine of political corruption, offers to pay the whole debt of the state of Louisiana, $12,000,000, for a renewal of the charter. Fort Wayne contributes something like $50,000 to this mammoth fraud and millions of dollars are taken out of the state every year. This swindling arrangement should be driven, root and branch, from our city and state.

REV. CHARLES SPURGEON, the great English minister, and pastor of the Baptist church, Greenwich, England, who is now in this country for the purpose of taking a rest and for the benefit of his health, said, in an interview yesterday: "There is one thing that I notice and which I find much superior to anything like it in England, and that is the work among young men. The Y. M. C. A. is a wonderful organization, and I am convinced that it is doing an equally wonderful work among the youths of the country." Mr. Spurgeon delivered an address last evening at Farwell hall, at Chicago, to a large audience.

THE SAMOAN TREATY.

The war cloud in Samoa, that at one time threatened to involve in conflict the mightiest nations upon the face of the earth, has passed away with the signing of the Samoan agreement by the delegates of the contracting nations.

The draft of the treaty guarantees an autonomous administration of the islands under the control of Germany and America, England acting as arbitrator in the event of differences arising.

The Samoans are to elect their own king and viceroy and to be represented in a senate composed of the principal chiefs and chambers elected by the people. Samoa is to have the right of levying duties of every kind. The treaty also stipulates that the Germans shall receive a money indemnity for their losses. A special court will be appointed to deal with the land question. The Americans made their adhesion conditional upon the ratification of the treaty by the United States senate.

SABBATH DESECRATION.

The Sunday law, which, with a very few exceptions, has been obeyed by the men engaged in the liquor business in this city since Mayor Harding took his seat, was violated yesterday in an open and fearless manner by the managers of the Tivoli Garden festival.

In defiance of the law, Messrs. Centlivre and Berghoff, under the garb of charity and for the alleged purpose of raising money for the Conemaugh flood sufferers, gave a picnic at which lager beer was sold and drank, and had not the elements interfered, drunkenness would have run riot in our city last evening. As it was, large quantities of the intoxicating liquid found ready purchasers by the glass, and the revelers, interrupted in their sinful pleasures by the rain, came to the city and reeling through the streets, boasted of the victory won over law and order.

The plea that the receipts coming from this drunken Sunday carousal will be given to the Johnstown sufferers, does not excuse these gentlemen. Were they honest in making it they would have drawn on their bank accounts for the amount and sent it to Pennsylvania. But this was not their real motive and no person is foolish enough to believe that it was. Their object was to break down the Sunday law. The mayor's enforcement of it was injuring them in their business and they wanted a return to the open Sabbath of old, and this is the wedge, which, if their acts go unpunished, will bring it about, just as true as is the fact that these men are violators of the law.

If they can violate the Sunday law others can do it, and it is an injustice to say that Centlivre and Berghoff can sell beer to thousands on the Sabbath day and inaugurate a drunken carousal in our city, without giving to every saloon keeper the same privilege. These men knew the law and they should have obeyed it. Now let them suffer the consequences if they be found guilty.

These Sunday lager beer picnics do more harm than the open Sunday saloon. The one is obeying the law. Let us see to it that the other is not established in our midst. Now is the time to test the question and every good citizen should show his colors.

ELOQUENT WORDS.

Mr. J. R. Hague at the Y. M. C. A. Rooms—Other Services.

Mr. John R. Hague, of New York, one of the secretaries of the international committee of the Young Men's Christian Association, has been in the city for the last few days. Yesterday he conducted services at the Railroad department of the Y. M. C. A. The meeting was a union of both branches of the association and there was a fair audience in attendance.

Mr. Hague used the 13th chapter of Mark as the foundation for his remarks and delivered an earnest and interesting talk. He wove into his address a number of incidents from real life, among them being several from the Johnstown flood, and they were so pathetically told that his words resulted in doing great good.

Mr. Hague is a pleasant speaker. He is one of the thirteen secretaries of the international committee of the Y. M. C. A. organizations and is engaged constantly in traveling through different parts of the country doing association work.

He tells us the Y. M. C. A. organizations are gaining ground every day. There are now in the United States and Canada over 1,300 societies with a membership of 163,000, and new branches are being established in different cities every day.

Rev. W. M. Van Slyke, the pastor of the Berry street M. E. church, delivered a sermon yesterday morning, at that sanctuary, to the graduating class of the M. E. college. It was an able and interesting effort. He pictured to the young students the difficulties that beset their future pathway, and urged them to a right use of their abilities, if they desired to make life a grand success.

Rev. Stephen A. Northrop, of the First Baptist church, delivered a sermon last evening to his congregation on the Eighth commandment, "Thou Shalt Not Steal." During his discourse he spoke of the Sunday law, and said its violation was stealing from the Lord, and condemned in strong words those making it an open Sabbath.

Rev. Meade C. Williams, of New York, preached an excellent sermon yesterday morning at the First Presbyterian church. His subject was "Church Going."

OUR NEIGHBORS TALK.

Personal News and Local Gossip Interesting to Fort Wayne Readers.

The Huntington *Democrat* says: "Miss Lotta E. Brooks, of Fort Wayne, is in the city, the guest of relatives and friends."

The Monroeville *Breeze* says: "Miss Maggie Cassady, of Fort Wayne, spent Sunday at this place with schoolmates and friends."

The Harlan *Independent* says: "Wm. Maxfield, of Fort Wayne, and George Maxfield, of Marion, Ind., both former residents of this place, are visiting friends and relatives here."

The Monroeville *Breeze* says: "A. Shalley and M. Stuart, of Fort Wayne, alighted from a freight train last Sunday, and spent several hours in company with company with two of the charming daisies of our town."

The Plymouth *Democrat* says: "Miss Bertha Reynolds was visiting Miss Florence Fulton at Fort Wayne last week and over Sunday. She was serenaded Sunday night by a party of Fort Wayne young folks who improvised and sung a song telling how the "Jenney" had swindled the people of Plymouth, and how they intended to hold their ill gotten gains."

Ms. J. D. Allegar, the editor of the Monroeville *Breeze*, has this to say in the last edition of his spicy paper: "Notwithstanding the correspondent from this place to the Fort Wayne *Sentinel*, in his last, makes the assertion that the postoffice war is about to close, things seem to be taking a turn and both sides are getting the matter in such a predicament that it is getting quite interesting. We expect to hear something drop on one or the other in the near future."

WE sell great quantities of S. S. S., and the sale holds up well—no falling off, or prospect of falling off. While many are loud in its praises, not one complaint has been heard from our customers.

Boils, Carbuncles and Sties

are circumscribed inflammation of the skin involving the deeper parts. They are generally caused by impure materials floating in the blood. Purify the blood and it is surprising how rapidly they disappear. Try Loose's Extract Red Clover Blossoms. Best blood purfier in the world.

It was maintained by the late Horace Greely, that "nothing succeeds like success!" If this be true, Chamberlain's Cough Remedy will always be popular, as it never fails, It is intended, especially for coughs, colds, croups and whooping cough, and is undoubtedly the best and most reliable medicine in use for those diseases. It is decidedly a success. For sale by Geo. H. Leosch and Fred Hohan.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It sooths the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Jan-27-1y

"OPEN FOR BUSINESS."

The Pennsylvania Railroad Rebuilt Through the Flooded District.

Under the direct supervision of the officers in charge of the engineering and transportation departments of the Pennsylvania lines, the last rail needed to connect the severed departments of the great thoroughfare has been placed in position.

The new track is substantially built and will be gradually tested until Monday, June 17th, when the great trunk line will be opened and express trains, with Pullman cars, will again run through in both directions between Chicago, St. Louis, Cincinnati, Toledo and Cleveland on the west, and Baltimore, Washington, Philadelphia and New York on the east. 15-tf

Change of Route.

The Wabash railway is about to make a change east of Buffalo, in the operation of its through sleeping cars from St. Louis to New York. The through New York sleeper leaves St. Louis at 6:55 p. m., running over the Wabash road to Toledo, thence over the Michigan Central railroad via Detroit and Niagara Falls to Buffalo. From that point, on and after Sunday, May 12, inst., it will run via the New York Central and Hudson River railroad to the Grand Central station in New York city. The Boston sleeper will continue from Buffalo over the West Shore railroad and Hoosac Tunnel route to Boston, as heretofore. 14 tf

PHILIP ARMOUR is said to give away nothing less than $5 tips to waiters, train hands, etc., when he travels.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

Send for a beautiful book free.

FIFTH POINT

You should read THE CHICAGO DAILY NEWS because it's *a family newspaper*. This is an age when everybody reads, and the paper you bring into your family should have something of value for all. The special interests of women are not overlooked in THE DAILY NEWS. And then you don't want to bring questionable reading matter into your family. You don't want to put indecent or immoral reading into the hands of your children. You will never make a mistake on this score if you take home THE DAILY NEWS. The newspapers are the great educators of this nation. The strength of the nation lies in the purity of its firesides.

Remember—Its circulation is 220,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months $1.00,—*one cent a day*.

ALONG THE TIES.

The News of the Day as it Comes From the Busy Centers of the City.

The excursions to Warsaw will soon commence.

John Schneider, of the Pittsburg car shops, is on the sick list.

The Pittsburg shop employes will now have a half holiday on Saturday.

John B. Brown, of the Pennsylvania company, is contemplating a trip to Scotland.

Geo. Darker, clerk at the Bass works, was wearing a handsome boquet on duty this morning.

The Pittsburg pay car was in the city to-day and distributed the monthly pay among its employes.

Frank F. Haag, of Lafayette, is on duty here for a few weeks in the Wabash telegraph offices.

The fish pond at the Bass works has disappeared with the completion of the new scales in the machine shops.

The Fort Wayne Machine company are building a large foundry building and will make their own castings.

Charley Houser, the pleasant assistant Wabash baggage-master, was with the Presque Isle excursionists yesterday.

Frank Barnes, the popular machinist of the Pittsburg shops, will shortly wed one of this city's most charming young ladies.

The employes of the Pennsylvania railroad shops think that the next move on the part of the company will be the discharge of a number of men.

General McNulta and Superintendents Wade and Stevens, with other Wabash officials passed through the city this morning on their way to Toledo.

Tom Quinn and Jerry McCarty, engineers on the Pittsburg road, have returned from a visit at Johnstown, Pa. Their description of the sights they witnessed are interesting.

The Wabash and the Bee Line have been reaping a rich harvest. During the troubles of the Pennsylvania company their passenger trains, both ways, have been heavily loaded.

John Lynch, of the Pittsburg yards, is off duty on account of the death of his daughter, which occurred yesterday. He has the sympathy of the Pittsburg employes in his affliction.

Work with the natural gas companies all over the state is delayed by the non-arrival of pipe, which is standing on side tracks on the Pennsylvania proper, where it has been delayed by the high water troubles.

The first through train on the Pittsburg road for the east since the Johnstown disaster, left the city last evening, and will pass through that part of Pennsylvania to-day. The company's track are now in splendid order.

The Railway Register has coined a new word—"locomotor"—to be used instead of the word engineer, and it uses lots of grammar to prove that its invention is the best word, too. We believe, however, that the firemen will keep right on trying to become engineers.

Two men who are employed by the Pennsylvania company are reported to have collected $75 for a brakeman on the road, who is unable to work and then failed to hand it to the unfortunate comrade. It is understood that Superintendent Watt will look into the matter. The sufferer lives at Logansport, Ind.

The Sunday picnic given yesterday at the Tivoli Garden was the subject of conversation among many of the employes of the manufacturing establishments this morning. Some of the younger employes favor open Sabbaths and Sunday picnics, but the large majority of the men say that the enforcement of the Sunday law is a good thing, and they denounce in strong terms the efforts to overthrow it.

Mr. Ralph Elkins lives at Mariousville, Mo., and is a successful farmer. He says that he has been a great sufferer from impurities of the blood, which made his limbs stiff and gave him pain in the lungs; but that he took Swift's Specific, and it soon relieved him entirely.

If you do not receive your SENTINEL regularly, please notify us immediately, either in person or by postal card, that we may remedy the fault.

Head Off Doctors.

What will do it? A free trial package of Lane's Family Medicine, which you can get from any druggist. This is a new and wonderful medicine, discovered in the Rocky Mountains by Dr. Silas Lane. It is a positive cure for constipation and all blood, liver, stomach and kidney troubles. You need such a medicine. Call to-day on your druggist for a free sample package. Large size package 50c. All druggists sell it.

Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe free of charge. Oldsodden-mowlth

REMAINS OF A LOST NATION.

For 2,500 years the Hittites have been lost to history. This mysterious nation was known at Jerusalem, Thebes, and Nineveh during a period of 1,000 years. The first treaty of peace on record was between the Hittites and the Egyptians. In the Assyrian inscriptions which have been exhumed in Nineveh are found many references to these people. The Pharaohs left records of their victories over the Hittites. The Bible, in several places, speaks of them. But information of this long-lost nation has until recently been confined to these references of other nations who knew them. The Hittites, it has long been supposed, were wiped out and left no relics, no historical assets, nothing but a reminiscence.

Consul Bossinger, at Beirut, sends the State Department some intelligence he has received about the discoveries of Hittite remains in Marash and vicinity, in Central Turkey.

No Hittite hieroglyphics have yet been discovered, but the most remarkable "find" is the colossal statute of Sardanapalus, King of Nineveh, eighth century, B. C., standing on a pedestal in the smaller court of the palace. The workmanship is very fine. The face speaks like the finest Grecian statues. The statue had been thrown down and broken but the fragments are all there and the whole figure can easily be restored. On this statue were several square yards of Assyrian inscription in cuniform hieroglyphics, from which the name was determined.

But how this statue of an Assyrian King came to be placed in a Hittite palace is not easily accounted for. It is presumed that when Sardanapalus made his expedition through Asia Minor he conquered this Hittite city and erected his own statue in the center of the palace, carefully preserving intact all the productions of Hittite art.

RAS ALULA, the Abyssinian leader, is described as about 40 years of age, a little above the average height—say about 5 feet 9 inches. He is well built, has broad shoulders and a deep chest, which make him look shorter than he really is. He is muscular and athletic, and can hold his own with any man of his army in feats of skill, such as riding and shooting. His complexion is copper-colored, not dark; his face oval, his nose of good shape, his mouth small, set off by good teeth.

A Great Battle.

Is continually going on in the human system. The demon of impure blood strives to gain victory over the constitution, to ruin health, to drag victims to the grave. A good reliable medicine like Hood's Sarsaparilla is the weapon with which to defend one's self, and restore peace and bodily health for many years. Try this peculiar medicine.

DANIEL BAUGH, who lives at Scottsburg, Ind., celebrated his 100th birthday anniversary by dancing a jig.

Don't Rub Off the Enamel

of the teeth with gritty preparations. The teeth are too valuable to be trifled with. When gone, you must have false ones or "gum" yourself through life. Use SOZODONT, which contains no grit. It cleanses the mouth and vitalizes the secretions.

ALTHOUGH the climate at the British settlements on the delta of the Niger is so unhealthy that the average life of the English residents is less than four years, there are over a hundred applicants for every position in that branch of the service.

Not a fit, but an expression of delight. "About a week ago," says a Los Angeles, Cala., druggist, "a chinaman came in with a lame shoulder. I sold him a bottle of Chamberlain's Pain Balm and guaranted that it would cure him. He came in again last night, and as soon as he got inside the door, began to swing his arms over his head like an Indian club swinger. I thought the blamed fool had a fit, but he finally stopped long enough to say: "Medicine velly fine, velly fine; alle same make me feel plenty good." Chamberlain's Pain Balm, is without an equal for sprains, rheumatism, aches, pain or lame back. For sale by Geo. H. Loesch and Fred Hoham.

TAR-OID

NATURE HAS NO BETTER REMEDY

Than this New Compound of Tar for Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that *Skin Diseases* are caused by *impure blood*, which is not true. They have their cause in a want of *vital action* in the skin. TAR-OID restores this action, hence it cures every form of *Skin Disease*, also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action.

And Apply Your Rent in Payment of It.

Mr. J. D. Bond now offers for sale the block of eighteen lots in Hamilton's fourth addition, located on South Calhoun street, one block south of the Creighton avenue car line. Eight of these lots front on Calhoun street, five on Taber street, and five on Suttenfield street. Sixteen of them are 40x150 feet and two are 37x150 feet.

Upon these lots he offers to build any one of four designs of handsome cottages, that will contain six, seven and eight rooms; two of them have mantle and grate; all will be piped for gas, natural gas, water, perfect system of sewerage, and water closets, and bath-rooms, if desired.

Sidewalks will be built in front of houses and through each yard, and the lots will all be graded, and shade trees planted on the front and rear of the lots, making the entire block a beautiful park.

These places will all be completed in the most perfect manner, including a garden house for tools and utensils and will be ready for occupancy within six months from the time they are sold, many of them before that time.

They will cost, all complete, from $2,750 to $3,550, according to the location of lot selected, and can be paid for by small cash payment down, and the balance in monthly payments of from $25 to $30 per month. A purchaser can pay as much cash as he wishes, and reduce the amount of monthly payments in proportion.

Why pay $15, $20 and $25 a month rent all your life from which you get no return, when with a small additional monthly payment you can in a few years own the property that will have been paid for almost entirely by the rent.

Plans and specifications of the buildings and plat of the lots are now ready and can be seen any day or evening at the office of S. C. Lumbard, No. 3 Aveline house.

DYNAMITE USED!

To Blow Up the Debris at Johnstown and it is Kept Up, Notwithstanding the Damage Done.

JOHNSTOWN, Pa., June 17.—Two thousand men reported for work at 7 o'clock this morning and were immediately assigned to places, under the management of the several contractors. Dynamiting the jam was resumed and the shocks that the town is receiving from the explosions are simply terrifying. Notwithstanding the fact that citizens have notified those in charge of the dynamiting that they will hold the state responsible for all damage to property or person caused by these terrific blasts, they are as heavy as ever and every shot shakes the buildings for squares around.

The Philadelphia fire engines arrived last evening and are now engaged in pumping out several large pools of water in different parts of the city in which many bodies are expected to be found.

This morning the workmen removing the debris from near Wood, Morrel & Co.'s store, found the body of a woman in an advanced state of decomposition. Her clothing bore traces of elegance. It was at first stated that the remains were those of Miss Paulson, of Pittsburg. One hundred dollars were found in the dress pocket besides an elegant gold watch, a solitaire and three costly gold rings.

A careful comparison with the description left by the friends of Miss Paulson, was made, but they do not tally in any particular and the corpse lies at the morgue marked "unknown." The face was entirely gone, only the lower jaw and one tooth remaining. It is almost certain that the dead woman was one of the passengers on the day express.

Last night the remains of a woman were recovered in Cambria City. The remains were buried unidentified.

The thirty charges of dynamite fired this morning knocked out the front of Henry Fritz's house on Clinton street. The house was of brick, but had been badly shattered by the flood. A gang of workmen cleaning the streets in front narrowly escaped being crushed. Several of them were slightly injured.

A crowd of citizens collected at the general office of the state board of health this morning, hoping to ascertain the sanitary condition of the town. They were disappointed, however, as the physicians in charge refused to answer any questions or give reasons for not issuing the health bulletin.

This morning the workmen engaged in clearing the rubbish from the Clark mansion, say they saw the remains of Stella and Mary Clark, aged 8 and 4. Their bodies will be recovered this morning. Three other bodies were found on Main street this morning, but it was impossible to identify them. They are now at the morgue being prepared for burial.

This morning Mrs. McVey and Jennie McClure visited the room in the Alma hall where the valuables of unidentified bodies are kept and discovered the wedding ring and other jewelry belonging to their sister, Mrs. Clark. The ladies were overcome with grief. Yesterday the body of her son, Willie Clark, was found near the family residence, on Main street.

A SAD BEGINNING.

The Week Opens With an Unusual Number of Deaths.

Ross, the two-months-old son of Mr. and Mrs. Frank Purcell, died Saturday of exhaustion. The funeral occurred Sunday, from the residence, corner Harrison and Fourth streets.

Louis, the three-weeks-old child of Louis Brunner, died of spasms last night. The funeral will take place to-morrow afternoon, at 2 o'clock, from 79 Nirdlinger avenue.

Isaac M. Kime, of 40 Pearl street, died of typhoid fever yesterday, aged fifty-four years. A widow and six grown children survive him. The funeral will take place to-morrow, at 10 a. m., from the Berry street M. E. church.

Andrew Parker, aged 38 years, son of the venerable Nathaniel Parker, a farmer of Washington township, died of consumption Saturday. The remains were interred at Willamsport this morning. The deceased was a single man.

Miss Lizzie Lynch, aged 20 years, the daughter of Mr. and Mrs. John Lynch, died yesterday of consumption. The funeral occurs Wednesday at 9 o'clock at the Cathedral. Mr. Lynch is employed at the Pittsburg works.

Died, Saturday evening, at No. 24 Erie street, Effie May Roseman, aged 8 years. The funeral took place this afternoon and was conducted by Rev. Lloyd.

SUNDAY EXCURSIONS.

Some are Against Them but the Presque Isle Excursion Was a Big Success.

Yesterday P. S. Gilmore with his band opened the season at Presque Isle and the Wabash road, through the enterprise of its efficient and popular ticket agent, Mr. Dick Thompson, of this city, ran into Toledo the largest excursion train sent into that city this season. When Engineer Quinn pulled out the throttle at 6:30 o'clock in the morning there were on board about two hundred people, which swelled one hundred and fifty better before reaching Toledo. The trip, a distance of ninety-four miles, was accomplished in two hours and fifty-five minutes. Four steamers conveyed the excursionists to and from Presque Isle.

The newspaper fraternity of the city were tendered the courtesy of the Wabash and a few of them threw aside their editorial habiliments to be thrust into one round of enjoyment at the hands of Col. Dick Thompson.

The party consisted of Messrs. A. J. Moynihan, of the *Journal*; John Dougall, of the *News*; Clarence Cook and Joe Ervin, of THE SENTINEL; Otto Cummerow and William Bohn, of the *Frie Press*, and Westhuff and Rousewald, of the new German daily.

The excursion returned to the city at 11:15 last night.

NOTES.

The excursion was a success.

Col. Dick Thompson treated the boys royally.

The Presque Isle excursion last year numbered fourteen people.

The street railway system at Toledo is about to be sold. It ought to be given away.

The Wabash road is well ballasted and is one of the smoothest riding tracks in the country.

Mr. Gart Shober, who was to represent the *Gazette*, got left and missed the pleasure of the day.

At Toledo the newspaper party were joined by City Wabash Ticket Agent Dombaugh and Assistant Kleine. Both are genial and jolly good fellows.

Andy Moynihan "got a stitch in his side" from too much laughing. A meeting was called and resolutions were passed to suppress his hilarity, which was done.

Mr. Dougall, alias James Smith, of Woolburn, found himself "in the soup" in an attempt to smile sweetly at a young lady in the car. A brother looked affectionately across the aisle, and John secluded himself in the baggage car.

A SENTINEL representative was obliged to see his best hat sail like a feather before the gale and light on the crest of a turbulent billow a hundred yards away. Many others bore it company. The ludicrous plight of these gentlemen fully dawned when it was found that it was impossible to procure a hat in Toledo on Sunday. Our unfortunate young man prevailed on a cabin hand to part with his head gear at three times its worth.

An exciting episode occurred on board the Pastime, on which about 100 people were taking passage from the island. A hurricane, so severe that skiffs were overturned like corks, swooped suddenly on the unsuspecting pleasure-seekers. A panic ensued on the steamer, resulting in the loss of garments, umbrellas and a thorough drenching to at least half of those on board. The fury of the gale has not had an equal in the waters thereabouts. Several persons living in Toledo were reported drowned.

HON. PATRICK HORN.

The Death of One of the Prominent Pioneer Citizens of This County.

On Saturday afternoon at 5 o'clock, at his home in Huntertown, occurred the death of Hon. Patrick Horn, one of the most prominent residents of this county. His age was sixty-nine years.

Mr. Horn settled in the county very early, and was strongly identified with its interests. In 1877 he was elected to the legislature. By his death the world is bereft of a good man. An only daughter inherits his large fortune. The funeral occurred this afternoon from the late residence.

The Weather.

WASHINGTON, June 17.—Indiana—Light rains, stationary temperature; variable winds.

The radiance of Mayor Harding's smile to-day cast an electric hue upon the surroundings of the city hall. His honor, with genial courtesy, explained to his friends that a little girl had come to bless his home.

Mr. F. H. Tristram, traveling passenger agent of the Wabash, is in the city.

THEY GO FREE.

Maroney and McDonald, the New York Men Held for the Cronin Murder, Are Discharged.

NEW YORK, June 17.—Judge Andrews in the supreme court to-day, rendered a decision discharging from custody Maroney and McDonald, who were arrested for alleged conspiracy in the murder of Dr. Cronin. The judge ruled that the evidence did not warrant their being held.

CHICAGO, June 17.—Woodruff made another confession Saturday night, in which he implicates the following in the Cronin murder: P. O. Sullivan, "McIville," Williams, Dan Coughlan, and Alexander Sullivan. He charges that the three first named were at the Carlson cottage the night of the murder. O. Sullivan did not accompany them on their ghastly ride. He is represented as staying behind to clean up the cottage.

WINNIPEG, May 17.—Martin Burke, alias Delany, was arrested here last evening for complicity in the Cronin case on information from Supt. Hubbard. He was boarding the Atlantic express, and had a ticket for Liverpool, England. At the station the man gave his name as Martin Burke.

CHICAGO, June 17.—Luke Dillon received no word from New York yesterday. He is anxiously awaiting the result of the test and considers that upon Maroney's identification hangs the fate of the present theory of the prosecution. When asked what he thought of Frank Woodruff's alleged confession, Mr. Dillon said:

"I do not know what to make of it. Woodruff certainly made several inconsistent statements. I do not care to discuss his story until I have had time to make a more thorough examination of the details."

"Do you know of any Philadelphia blacksmith by the name of McDougal?"

"I do not. Woodruff may have meant McDonnell, the man now under arrest in New York city."

"What do you think of Michael Davitt's reported utterances on the Cronin case?"

"Michael Davitt would show better judgment if he talked about something he knows about. He will have to answer for the language he used in the interview, if he was reported correctly. He evidently misunderstood the temper of the Irish people of America."

THE WHEELMEN'S PICNIC.

The Bicycle Club Have Their Fourth Annual Run.

The fourth annual picnic of the Fort Wayne Bicycle club was held yesterday at the grove twelve miles northeast of the city on the Parent road. Although our pikes are up to the average, it is seldom that wheelmen have the pleasure of traveling on a road as perfect as was the Maysville. The hard rains have washed off the dust and packed the gravel so hard that the riding was what "Jax" might compare to sailing in a balloon.

On a run of this kind the club uniform is discarded by most of the members and each seems to dress to differ from every other and what an effective picture the thirty riders made in the variety of shade and color of the flannel costumes, the scintillating spokes of the rapid revolving wheels, winding in and out the many sharp turns of the road, with the fresh green foliage for a background. The sight is worthy of an artistic eye and if the healthful spirit of the wheelman is added to the picture, surely the the scene is complete.

The grounds were reached after a steady run, which was, perhaps, a trifle too severe for some of the newer riders, but they forgot all about soft muscles when Sidel's bay scorcher (which started at day light) loomed up, and then there was a scramble for the bottles of milk in the ice tanks. Base ball and foot ball filled the time until dinner was announced, and Mr. Sidel did justice both in quantity and quality of the menu.

Did you ever see thirty hungry wheelmen sit down to dinner in the woods? Well, bicycle riders always have their appetite with them, but at a picnic it doesn't take them long to clean up a well filled table—a noisier and livelier dinner can hardly be imagined.

The club is blessed with quite an army of amateur photographers and Messrs. Edgerton, Hanna and Beach each took the boys in a variety of groupings—one or two of which will present quite a razle-dazzle effect.

Within half a mile of Picnic Wood is the ball ground of the Overall and Unionclothes clubs and thither went the wheelmen to choose sides, Messrs. Buckels and Bissel being captains, but the game was brought to a sudden stop by the outgoing side starting for home on an alleged excuse of a shower coming up, and it did come sooner than expected, but most of the wheelmen went into barns along the road home, and waited until the rain passed over. As this is the fourth time rain has shortened the day's pleasures it would seem advisable to hold the annual picnic a little later next year.

IS IT ROBBERY.

Beer Flows Freely at Tivoli Garden, in Bold Defiance of the Law.

An attempt to split the policy of Mayor Harding against Sunday beer-selling, which was as bold as it was disgraceful, occurred yesterday. A dodger distributed freely the day previous closed with the words: "Come with your families and rejoice that we can assist the less fortunate. Charity covers a multitude of sins."

Charity wouldn't begin to cover the sin committed yesterday, at Tivoli Garden. At early morn

WAGON LOADS OF BEER

Arrived and soon after white-aproned bar-tenders appeared on the scene. The beer flowed from the spigot freely and long before the shades of evening had gathered over the grounds, there were

SCENES OF REVELRY

that would have put moral man or woman to shame had they participated in it. It is said that the Brewers Union is backing up the transgressors, but the truth of the statement is not known. It is a striking defiance to our laws to have them trampled upon and openly violated. The public sentiment demands a

THOROUGH PROSECUTION

in this instance, and it will be done without fear or favor if the officers continue their course as they have begun. The method of prosecution is slow, containing in itself so many technical points that it takes time to get at them. Messrs. Centlivre and Berghoff yesterday, through their hirelings, dispensed beer. First of all the affidavit must be filed against the man who sold the beer, and the man who drank the beer must be known. Then it must be proved who authorized the selling of the same.

Yesterday, Lieutenant of Police J. L. Paschobar, Officers O'Connell, Wahrenburg, Cramer and Kneale were on the ground and this morning told Mayor Harding they were

READY TO FILE AFFIDAVITS,

and there will be plenty of them. These affidavits will be filed to-night against the bartenders, then, through process of law, the promoters of the scheme will be tried.

Messrs. Centlivres and Berghoffs, we understand, will fight the case to the circuit court and higher.

The penalty is a fine of from $20 to $100 for each offense and each particular glass of beer constitutes a separate offense.

Porsch-Wehler.

Yesterday, at the Emanuel Lutheran church, Rev. Gross, pastor, occurred the marriage of George B. Porsch, and the accomplished Miss Lizzie Wehler. The bride was attended by a sister of the groom and Miss Gross, while Peter Rudolph Pickel and Mr. Rudolph Lauman officiated for the groom. The party presented a beautiful appearance as they entered the sanctuary. After the ceremony, a reception was given at the residence of the bride's parents in Nebraska, where a jolly time was had by those present. The presents were costly and too numerous to mention. Mr. and Mrs. Porsch are well known in this city, and a host of friends wish that their life will be sunshine forever.

A TOWN ANNIHILATED!

Uniontown, Kas., is Swept Away by a Storm—Several Persons Drowned.

FORT SCOTT, Kas., June 17.—A report was received here last evening to the effect that Uniontown, on the Wichita and Western, had been swept away by a storm Saturday night and that two women and four children had been drowned. Uniontown, which is a place of 600 inhabitants, is in the midst of a thickly settled country and it is feared that the loss of life is even heavier than reported. As the wires are down for fifteen miles on either side nothing definite can be secured.

The storm struck the western part of Bourbon county late at night, coming from the west, where it had played great havoc. At Augusta it assumed the force of a cloud burst and though everything possible has been done to obtain details by the railroads, all is uncertainty at present. The part of Fort Scott known as Bulltown is certainly under water, and people are being taken out with boats. The south bound Missouri, Kansas & Texas passenger train is tied up here, and the north bound St. Louis passenger train is tied up about two miles south of the city.

The Kansas, Nebraska and Dakota track is under water for about a mile out. Serious damage to the main line of the route is confined to one place, about one thousand feet in length, about ten miles north of Fort Scott. It was reported yesterday that a woman and two children were drowned there, but it turned out false.

The rain began at 7 o'clock yesterday and the residents say it was the heaviest storm for years.

The ice dam on Eighth street broke and the water raised at the rate of three feet an hour.

Several houses and the bridge across Sixth street were carried away.

TRACK TALK.

Is a Hot Shell With the Rubbers of Some of the Promising Equines.

The past week was not very favorable for evening pleasure driving—roads were heavy, and consequently the flyers were not out in force on East Wayne. Nothing of importance to note on the road, so we concluded a chat in the "parlor" of the horse would please the boys.

At Swinney Park we met the veteran horseman, John Clark, who said "there, my boy, is a dandy five-year-old bay pacer, Moxie, by Legal Tender, Jr., dam Flaxie by Blue Bull; he has not been given any fast work this season, but is very promising, and will be driven in the eastern circuit this fall."

How do you like this darling—Modena? She is a bay mare, three years old, by Monon, by Motwood, dam by Albion, trots quarters in 43. She is as slick as any of 'em.

Stand over—Firedly, by Gen. Washington, dam Aberdeen, four-year-old, fine bone, beautiful bay with white hind foot.

Oh, mama! Here is the baby—Chucharee, a two-year-old filly. She is very large for her age, and rangy; just broke this spring, and will make a trotter; is by Gen. Hancock, dam by Cyler. The above are the property of our townsman, Emmett Powers.

T. E. Ellison has a bay filly three years old, at the park; the mare is fifteen hands high, is by Wayne Wilkes, dam, Abdallah, and some day will make her mark.

Hello, Ed. was the greeting given to Ed Orff when he drove up. No wonder old boy; you come out in the slush; you have a good one; in spare moments, John Orff takes pleasure in driving Ed's bay filly; she is three years old, fifteen hands high, by Wayne Wilkes, is a level headed colt and takes her work like an old horse; by the way, boys, if you want to know how different a horse feels with good care or poor work; just go without washing yourselves or combing for a week, and you will get the idea.

We were told that Jerome Studer's Belmont mare, Smyrne, is improving very fast. Jerome handles her himself at home; the mare can pace a three minute clip anytime in a road wagon, and has shown a forty gate on the track this spring. HOOSIER.

MONDAY, JUNE 17, 1889.

ENFORCE the Sunday law.

EVERY good citizen should stand by Mayor Harding in his effort to give us a Christian Sabbath.

THERE are over 1,700 public libraries in the United States, containing about $15,000,000 volumes.

THERE is great anxiety throughout Europe regarding the war preparations going on in Russia. The protestations from St. Petersburg that the czar wants peace are not accepted as being made in good faith. Germany has just had some additional cause for believing that in the event of a war with France, Russia will side with her ancient and implacable enemy.

THE charter of the Louisiana state lottery is about to expire and the colossal machine of political corruption, offers to pay the whole debt of the state of Louisiana, $12,000,000, for a renewal of the charter. Fort Wayne contributes something like $60,000 to this mammoth fraud and millions of dollars are taken out of the state every year. This swindling arrangement should be driven, root and branch, from our city and state.

REV. CHARLES SPURGEON, the great English minister, and pastor of the Baptist church, Greenwich, England, who is now in this country for the purpose of taking a rest and for the benefit of his health, said, in an interview yesterday: "There is one thing that I notice and which I find much superior to anything like it in England, and that is the work among young men. The Y. M. C. A. is a wonderful organization, and I am convinced that it is doing an equally wonderful work among the youths of the country." Mr. Spurgeon delivered an address last evening at Farwell hall, at Chicago, to a large audience.

THE SAMOAN TREATY.

The war cloud in Samoa, that at one time threatened to involve in conflict the mightiest nations upon the face of the earth, has passed away with the signing of the Samoan agreement by the delegates of the contracting nations.

The draft of the treaty guarantees an autonomous administration of the islands under the control of Germany and America, England acting as arbitrator in the event of differences arising.

The Samoans are to elect their own king and viceroy and to be represented in a senate composed of the principal chiefs and chambers elected by the people. Samoa is to have the right of levying duties of every kind. The treaty also stipulates that the Germans shall receive a money indemnity for their losses. A special court will be appointed to deal with the land question. The Americans made their adhesion conditional upon the ratification of the treaty by the United States senate.

SABBATH DESECRATION.

The Sunday law, which, with a very few exceptions, has been obeyed by the men engaged in the liquor business in this city since Mayor Harding took his seat, was violated yesterday in an open and fearless manner by the managers of the Tivoli Gaeden festival.

In defiance of the law, Messrs. Centlivre and Berghoff, under the garb of charity and for the alleged purpose of raising money for the Conemaugh flood sufferers, gave a picnic at which lager beer was sold and drank, and had not the elements interfered, drunkenness would have run riot in our city last evening. As it was, large quantities of the intoxicating liquid found ready purchasers by the glass, and the revelers, interrupted in their sinful pleasures by the rain, came to the city and reeling through the streets, boasted of the victory won over law and order.

The plea that the receipts coming from this drunken Sunday carousal will be given to the Johnstown sufferers, does not excuse these gentlemen. Were they honest in making it they would have drawn on their bank accounts for the amount and sent it to Pennsylvania. But this was not their real motive and no person is foolish enough to believe that it was. Their object was to break down the Sunday law. The mayor's enforcement of it was injuring them in their business and they wanted a return to the open Sabbath of old, and this is the wedge, which, if their acts go unpunished, will bring it about, just as true as is the fact that those men are violators of the law.

If they can violate the Sunday law others can do it, and it is an injustice to say that Centlivre and Berghoff can sell beer to thousands on the Sabbath day and inaugurate a drunken carousal in our city, without giving to every saloon keeper the same privilege. These men knew the law and they should have obeyed it. Now let them suffer the consequences if they be found guilty.

These Sunday lager beer picnics do more harm than the open Sunday saloon. The one is obeying the law. Let us see to it that the other is not established in our midst. Now is the time to test the question and every good citizen should show his colors.

ELOQUENT WORDS.

Mr. J. R. Hague at the Y. M. C. A. Rooms—Other Services.

Mr. John R. Hague, of New York, one of the secretaries of the international committee of the Young Men's Christian Association, has been in the city for the last few days. Yesterday he conducted services at the Railroad department of the Y. M. C. A. The meeting was a union of both branches of the association and there was a fair audience in attendance.

Mr. Hague used the 18th chapter of Mark as the foundation for his remarks and delivered an earnest and interesting talk. He wove into his address a number of incidents from real life, among them being several from the Johnstown flood, and they were so pathetically told that his words resulted in doing great good.

Mr. Hague is a pleasant speaker. He is one of the thirteen secretaries of the international committee of the Y. M. C. A. organizations and is engaged constantly in traveling through different parts of the country doing association work.

He tells us the Y. M. C. A. organizations are gaining ground every day. There are now in the United States and Canada over 1,800 societies with a membership of 163,000, and new branches are being established in different cities every day.

Rev. W. M. Van Slyke, the pastor of the Berry street M. E. church, delivered a sermon yesterday morning, at that sanctuary, to the graduating class of the M. E. college. It was an able and interesting effort. He pictured to the young students the difficulties that beset their future pathway, and urged them to a right use of their abilities, if they desired to make life a grand success.

Rev. Stephen A. Northrup, of the First Baptist church, delivered a sermon last evening to his congregation on the Eighth commandment, "Thou Shalt Not Steal." During his discourse he spoke of the Sunday law, and said its violation was stealing from the Lord, and condemned in strong words those making it an open Sabbath.

Rev. Meade C. Williams, of New York, preached an excellent sermon yesterday morning at the First Presbyterian church. His subject was "Church Going."

OUR NEIGHBORS TALK.

Personal News and Local Gossip Interesting to Fort Wayne Readers.

The Huntington *Democrat* says: "Miss Lotta E. Brooks, of Fort Wayne, is in the city, the guest of relatives and friends."

The Monroeville *Breeze* says: "Miss Maggie Cassady, of Fort Wayne, spent Sunday at this place with schoolmates and friends."

The Harlan *Independent* says: "Wm. Maxfield, of Fort Wayne, and George Maxfield, of Marion, Ind., both former residents of this place, are visiting friends and relatives here."

The Monroeville *Breeze* says: "A. Shalley and M. Stuart, of Fort Wayne, alighted from a freight train last Sunday, and spent several hours in company with company with two of the charming daisies of our town."

The Plymouth *Democrat* says: "Miss Bertha Reynolds was visiting Miss Florence Fulton at Fort Wayne last week and over Sunday. She was serenaded Sunday night by a party of Fort Wayne young folks who improvised and sang a song telling how the "Jumpy" had swindled the people of Plymouth, and how they intended to hold their ill gotten gains."

Ms. J. D. Allegar, the editor of the Monroeville *Breeze*, has this to say in the last edition of his spicy paper: "Notwithstanding the correspondent from this place to the Fort Wayne *Sentinel*, in his last, makes the assertion that the postoffice war is about to close, things seem to be taking a turn and both sides are getting the matter in such a predicament that it is getting quite interesting. We expect to hear something drop on one or the other in the near future."

We sell great quantities of S. S. S., and the sale holds up well—no falling off, or prospect of falling off. While many are loud in its praises, not one complaint has been heard from our customers.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine of health.

It is from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

FIFTH POINT

You should read THE CHICAGO DAILY NEWS because it's a family newspaper. This is an age when everybody reads, and the paper you bring into your family should have something of value for all. The special interests of women are not overlooked in THE DAILY NEWS. And then you don't want to bring questionable reading matter into your family. You don't want to put indecent or immoral reading into the hands of your children. You will never make a mistake on this score if you take home THE DAILY NEWS. The newspapers are the great educators of this nation. The strength of the nation lies in the purity of its firesides.

Remember—Its circulation is 200,000 a day—over a million a week—and it costs but one cent a week, four cents a month or *one cent a day.*

ALONG THE TIES.

The News of the Day as It Comes From the Busy Centers of the City.

The excursions to Warsaw will soon commence.

John Schneider, of the Pittsburg car shops, is on the sick list.

The Pittsburg shop employees will now have a half holiday on Saturday.

John B. Brown, of the Pennsylvania company, is contemplating a trip to Scotland.

Geo. Darker, clerk at the Bass works, was wearing a handsome bonnet on duty this morning.

The Pittsburg pay car was in the city to-day and distributed the monthly pay among its employees.

Frank F. Haag, of Lafayette, is on duty here for a few weeks in the Wabash telegraph offices.

The fish pond at the Bass works has disappeared with the completion of the new scales in the machine shops.

The Fort Wayne Machine company are building a large foundry building and will make their own castings.

Charley Houser, the pleasant assistant Wabash baggage-master, was with the Presque Isle excursionists yesterday.

Frank Barnes, the popular machinist of the Pittsburg shops, will shortly wed one of this city's most charming young ladies.

The employes of the Pennsylvania railroad shops think that the next move on the part of the company will be the discharge of a number of men.

General McNulta and Superintendents Wade and Stevens, with other Wabash officials passed through the city this morning on their way to Toledo.

Tom Quinn and Jerry McCarty, engineers on the Pittsburg road, have returned from a visit at Johnstown, Pa. Their description of the sights they witnessed are interesting.

The Wabash and the Bee Line have been reaping a rich harvest. During the troubles of the Pennsylvania company their passenger trains, both ways, have been heavily loaded.

John Lynch, of the Pittsburg yards, is off duty on account of the death of his daughter, which occurred yesterday. He has the sympathy of the Pittsburg employes in his affliction.

Work with the natural gas companies all over the state is delayed by the non-arrival of pipe, which is standing on side tracks on the Pennsylvania proper, where it has been delayed by the high water troubles.

The first through train on the Pittsburg road for the east since the Johnstown disaster, left the city last evening, and will pass through that part of Pennsylvania to-day. The company's track are now in splendid order.

The Railway Register has coined a new word—"locomotor"—to be used instead of the word engineer, and it uses lots of grammar to prove that its invention is the best word, too. We believe, however, that the fireman will keep right on trying to become engineers.

Two men who are employed by the Pennsylvania company are reported to have collected $75 for a brakeman on the road, who is unable to work and then failed to hand it to the unfortunate comrade. It is understood that Superintendent Watt will look into the matter. The sufferer lives at Logansport, Ind.

The Sunday picnic given yesterday at the Tivoli Garden was the subject of conversation among many of the employees of the manufacturing establishments this morning. Some of the younger employes favor open Sabbaths and Sunday picnics, but the large majority of the men say that the enforcement of the Sunday law is a good thing, and they denounce in strong terms the efforts to overthrow it.

Mr. Ralph Elkins lives at Marionville, Mo., and is a successful farmer. He says that he has been a great sufferer from impurities of the blood, which made his limbs stiff and gave him pain in the lungs; but that he took Swift's Specific, and it soon relieved him entirely.

Head Of Doctors.

What will do it? A free trial package of Lane's Family Medicine, which you can get from any druggist. This is a new and wonderful medicine, discovered in the Rocky Mountains by Dr. Silas Lane. It is a positive cure for constipation and all blood, liver, stomach and kidney troubles. You need such a medicine. Call to-day on your druggist for a free sample package. Large size package 50c. All druggists sell it.

Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe free of charge. Oldsdoddm-weow15t

REMAINS OF A LOST NATION.

For 2,500 years the Hittites have been lost to history. This mysterious nation was known at Jerusalem, Thebes, and Nineveh during a period of 1,000 years. The first treaty of peace on record was between the Hittites and the Egyptians. In the Assyrian inscriptions which have been exhumed in Nineveh are found many references to these people. The Pharaohs left records of their victories over the Hittites. The Bible, in several places, speaks of them. But information of this long-lost nation has until recently been confined to these references of other nations who knew them. The Hittites, it has long been supposed, were wiped out and left no relics, no historical assets, nothing but a reminiscence.

Consul Bossinger, at Beirut, sends the State Department some intelligence he has received about the discoveries of Hittite remains in Marash and vicinity, in Central Turkey.

No Hittite hieroglyphics have yet been discovered, but the most remarkable "find" is the colossal statute of Sardanapolus, King of Nineveh, eighth century, B. C., standing on a pedestal in the smaller court of the palace. The workmanship is very fine. The face speaks like the finest Grecian statues. The statue had been thrown down and broken but the fragments are all there and the whole figure can easily be restored. On this statue were several square yards of Assyrian inscription in cuniform hieroglyphics, from which the name was determined.

But how this statue of an Assyrian King came to be placed in a Hittite palace is not easily accounted for. It is presumed that when Sardanapalus made his expedition through Asia Minor he conquered this Hittite city and erected his own statue in the center of the palace, carefully preserving intact all the productions of Hittite art.

RAS ALULA, the Abyssinian leader, is described as about 40 years of age, a little above the average height—say about 5 feet 9 inches. He is well built, has broad shoulders and a deep chest, which make him look shorter than he really is. He is muscular and athletic, and can hold his own with any man of his army in feats of skill, such as riding and shooting. His complexion is copper-colored, not dark; his face oval, his nose of good shape, his mouth small, set off by good teeth.

A Great Battle.

Is continually going on in the human system. The demon of impure blood strives to gain victory over the constitution, to ruin health, to drag victims to the grave. A good reliable medicine like Hood's Sarsaparilla is the weapon with which to defend one's self, and restore peace and bodily health for many years. Try this peculiar medicine.

DANIEL BAUGH, who lives at Scottsburg, Ind., celebrated his 100th birthday anniversary by dancing a jig.

Don't Rub Off the Enamel

of the teeth with gritty preparations. The teeth are too valuable to be trifled with. When gone, you must have false ones or "grin" yourself through life. Use SOZODONT, which contains no grit. It cleanses the mouth and vitalizes the sourelious.

ALTHOUGH the climate at the British settlements on the delta of the Niger is so unhealthy that the average life of the English residents is less than four years, there are over a hundred applicants for every position in that branch of the service.

Not a fit, but an expression of delight. "About a week ago," says a Los Angeles, Cala., druggist, "a chinaman came in with a lame shoulder. I sold him a bottle of Chamberlain's Pain Balm and guaranteed that it would cure him. He came in again last night, and as soon as he got inside the door, began to swing his arms over his head like an Indian club swinger. I thought the blamed fool had a fit, but he finally stopped long enough to say: "Medicine velly fine, velly fine; allo same make me feel plenty good." Chamberlain's Pain Balm, is without an equal for sprains, rheumatism, aches, pain or lame back. For sale by Geo. H. Loesch and Fred Holtman.

Mr. J. D. Bond now offers for sale the block of eighteen lots in Hamilton's fourth addition, located on South Calhoun street, one block south of the Creighton avenue car line. Eight of these lots front on Calhoun street, five on Tuber street, and five on Suttenfield street. Sixteen of them are 40x150 feet and two are 37x150 feet.

Upon these lots he offers to build any one of four designs of handsome cottages, that will contain six, seven and eight rooms; two of them have mantle and grate; all will be piped for gas, natural gas, water, perfect system of sewerage, and water closets, and bath-rooms, if desired.

Sidewalks will be built in front of houses and through each yard, and the lots will all be graded, and shade trees planted on the front and rear of the lots, making the entire block a beautiful park.

These places will all be completed in the most perfect manner, including a garden house for tools and utensils and will be ready for occupancy within six months from the time they are sold, many of them before that time.

They will cost, all complete, from $2,750 to $3,550, according to the location of lot selected, and can be paid for by small cash payment down, and the balance in monthly payments of from $25 to $30 per month. A purchaser can pay as much cash as he wishes, and reduce the amount of monthly payments in proportion.

Why pay $15, $20 and $25 a month rent all your life from which you get no return, when with a small additional monthly payment you can in a few years own the property that will have been paid for almost entirely by the rent.

Plans and specifications of the buildings and plat of the lots are now ready and can be seen any day or evening at the office of S. C. Lumbard, No. 8 Avelino house.
